TEXAS EDUCATION AGENCY SCHOOL ACCOUNTABILITY RATINGS

Texas State Accountability Ratings are issued to each school district and campus by the Texas Education Agency Division of Performance Reporting. The ratings are: **Met Standard**, **Improvement Required**, or **Not Rated**. The **Met Alternative Standard** rating is assigned to charters and alternative education campuses evaluated under alternative education accountability (AEA) provisions. To receive a **Met Standard** or **Met Alternative Standard** rating, campuses and districts must meet or exceed the target score on all indexes for which they have performance data in 2013.

Distinction Designations recognize outstanding academic achievement in reading/English language arts and mathematics on various indicators of postsecondary readiness. Campuses that receive an accountability rating of **Met Standard** are eligible for the following distinction designations in 2013.

- Top 25% Student Progress The campus achieved the top quartile (top 25%) of performance on Index 2: Student Progess in relation to its campus comparison group.
- Academic Achievement in Reading/English language arts (ELA) The campus achieved the top quartile (top 25%) in relation to its campus comparison group on 50% or more (elementary/middle schools) or 33% or more (high schools) of their eligible measures in reading/ELA.
- Academic Achievement in Mathematics: The campus achieved to top quartile (top 25%) in relation to its campus comparison group on 50% or more (elementary/middle schools) or 33% or more (high schools) of their eligible measures in mathematics.
